

Designed by Lennart Herlaar for an Arduino (compatible) workshop organized by Studievereniging Sticky at the Department of Information and Computing Sciences, Utrecht University, the Netherlands, 2013.

Based on the RedBoard v15 design by Sparkfun (<http://sparkfun.com>).

Based in turn on the Arduino design by M. Banzi, D. Cuartielles, T. Igoe, G. Martino, D. Mellis and J. Lindblom (<http://arduino.cc>).

Released under the Creative Commons Attribution Share-Alike 3.0 License (<http://creativecommons.org/licenses/by-sa/3.0>).
